

## Glass Spigot Systems

We stock a wide selection of Glass Spigot systems to cover most requirements. So far it is possible to configure our Round and Square Spigots on Liveconfigurator<sup>™</sup>. These offer wonderful versatility and great value, especially when used in conjunction with our Pro Glass stocked glass panels. Simply choose the shape you prefer and let Liveconfigurator<sup>™</sup> guide you through the rest.

These spigots are made from Duplex 2005 (ultra marine stainless steel) for low maintenance. They are made for use with 10mm – 21.5mm glass.

### Any Questions?

If you have any questions which are not covered here or in our Frequently Asked Questions, please contact one of our branches around the UK and speak to one of our team, who will be happy to help, or email: [info@liveconfigurator.co.uk](mailto:info@liveconfigurator.co.uk) or call us on: 01708 398 020.
